**Adult Loss of Hearing Association Inc.**

*A Support and Advocacy Organization*

Adult Loss of Hearing Association Inc. is a registered non-profit support and advocacy organization for adults experiencing loss of ability to hear and understand sounds—especially human speech. We sell no devices but share our experiences of loss of hearing, our ways of coping, information about a vast array of hearing aids and other hearing assistance devices including cochlear implants, and most of all discover, **“We are not alone.”**
